

Our **Research Mission** is clear:

Together we drive excellence in discovery and innovation to create A Healthier World.

Our strategic research priorities will set the foundation for our choices over the next five years to enhance our research impact and organizational excellence. They will directly support UHN's broader strategic priorities towards creating A Healthier World.

Engage every patient
to strengthen
our learning
health system

Empower research
teams and
collaboration

Accelerate the
translation
of discovery
to practice

Unleash the power
of technology
and innovation

Grow research
through financially
sustainable
structures

In addition to UHN's Core Values, the research community embraces four additional values that describe what we believe in and guide how we act.

CURIOSITY

ask questions, seek
answers, never stop
learning

CREATIVITY

develop unique
approaches, seek
novel solutions

COURAGE

be bold, take on
challenges, push
boundaries

COLLABORATION

share expertise and
resources, work
together to amplify
impact
