

## Welcome to the April Issue of NRx

As UHN's monthly research newsletter, NRx reports on the full spectrum of research from UHN's five research institutes: the Princess Margaret (PM) Cancer Centre, the Toronto General Research Institute (TGRI), the Krembil Research Institute (Krembil), the Toronto Rehabilitation Institute (TRI) and the Techna Institute (Techna).

Stories in this month's issue:

- [Cancer: MRI Screening Recommended](#)
- [Sleep Apnea: Diagnosis Made Simple](#)
- [Toolbox: Insight in Vision Research](#)
- [Critical Illness: Path to Recovery](#)
- [Diabetes: Drug also Benefits Heart](#)
- [Funding Patient Oriented Research](#)
- [AACR Honours Cancer Researcher](#)
- [Dr. Husain Named Executive Director](#)
- [Genome Canada Funding](#)
- [Lupus Researcher Honoured](#)

We hope that you find NRx informative. If you have feedback or questions, please contact [www@uhnresearch.ca](mailto:www@uhnresearch.ca).

Christopher J. Paige, PhD, FCAHS  
*Executive Vice President, Science and Research*  
*University Health Network*

## Cancer: MRI Screening Recommended

Early screening prevents breast cancer-related death among childhood cancer survivors.

## Sleep Apnea: Diagnosis Made Simple

Convenient at-home device can be used to accurately diagnose sleep apnea.

## Toolbox: Insight in Vision Research

Scientist develops a powerful cell tracking tool to advance research into restoring vision.

## Critical Illness: Path to Recovery

A new model can determine the risk of disability after treatment in the intensive care unit.

## Diabetes: Drug also Benefits Heart

Diabetes drug could lower risk of heart attacks and strokes by inhibiting blood clotting.

## Funding Patient Oriented Research

UHN Researchers to participate in research networks for improved care for chronic pain.

### AACR Honours Cancer Researcher

Dr. John Dick named Fellow of the American Association for Cancer Research (AACR).

### Dr. Husain Named Executive Director

Inaugural Ted Rogers Centre Executive Director to help guide world-class heart research.

### Genome Canada Funding

Dr. Wang's research gains Genomic Applications Partnership Program (GAPP) support.

### Lupus Researcher Honoured

Dr. Murray Urowitz named recipient of the Lifetime Achievement Award from Lupus Ontario.
